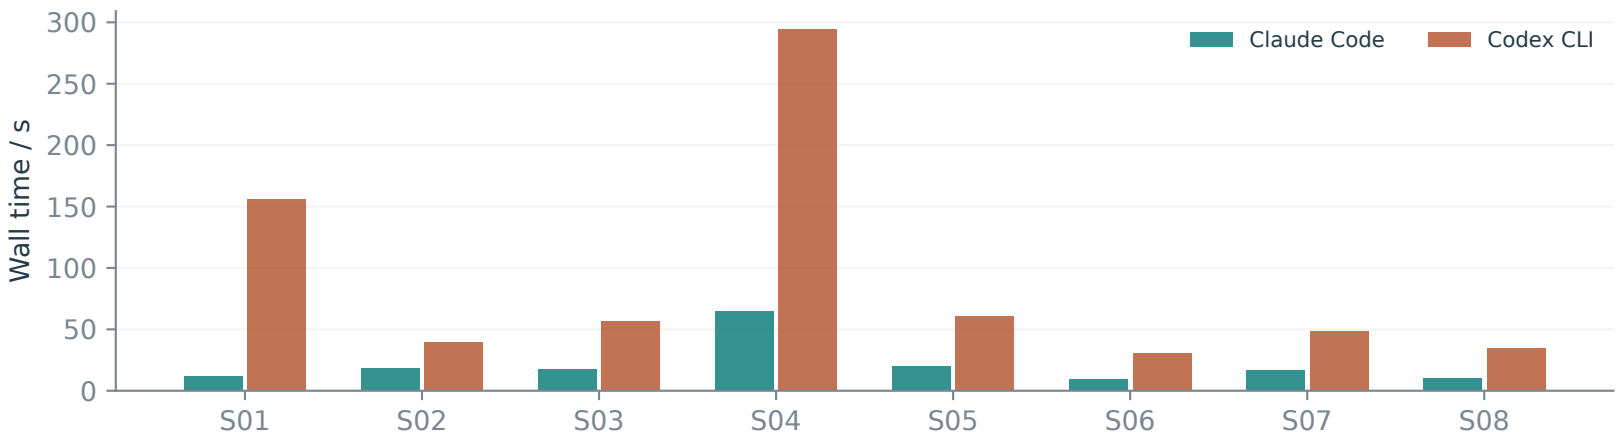
06 / OUTCOMES ARE MORE THAN A PASS RATE

One formal attempt per task/client. Models, routes and native budgets differ: no causal ranking.

	S01	S02	S03	S04	S05	S06	S07	S08
Claude Code	PASS	PASS	BUDGET	PASS	FAIL	PASS	CONTRACT	PASS
Codex CLI	PASS	PASS	PASS	INCOMPLETE	PASS	PASS	PASS	PASS



Nine MCP-startup exclusions are retained separately. Time includes native startup, model waits and tools.
